SPANISH EXHIBITORS

BLUB is a brand that offers a set of lubricants, clean products, and sealants that allow you to pedal and keep your bike in perfect condition.

Bicycle lovers, professionals and enthusiasts of this sector. Enjoying each ride as if it were the last. We hate to rest.

We consider that no matter where to go or with whom, if you use it to go to work daily or to make a career with your friends, or even, simply to enjoy a small ride with your family.

No matter what use you give it, the bicycle is pure fun, it is our passion. NEVER STOP RIDING!

Essax has established itself as one of the most reliable saddle brands in Europe. We design and manufacture 100% of our saddles in our factory in Spain, so we haven't been affected by the lack of stock from the Asian markets. Being based in Spain also ensures our saddles are made from the cleanest and most reliable materials.

Sportswear was founded in 1997 by a group of professionals with a tradition in textiles and a desire to create a specialized fabric structure for the world of sports, technical clothing and prints.

We are specialized in manufacturing circular synthetic fabrics based on polyester, polyamide, elastane, cationic fibres and other blends. We complement our range with warp knit and flat knit products.

töls

BIKE COMPONENTS

Töls is a European components and accessories company focused on offering quality products for all bikes and bikers.

TwoNav

freedom to discover

Spanish company specialized in outdoor solutions with self-produced GPS (Terra, Cross, Trail 2, Aventura 2...), software to plan itineraries (Land), live data monitoring apps and more than 30.000 digital maps from around the world. TwoNav and its products were born of the spirit of competition and improvement of outdoor athletes, which is why we're constantly striving to create products so that sports enthusiasts only have to worry about enjoying every second of their experience.
