Decan Sports Equipment S.L.

Hall: 10.2 Stand: H051

Decan Sports Equipment is a strong, efficient and reliable producer of sports equipment which through dedicated team work, highly qualified engineers and modern technologically advanced production facilities is providing its clients with top quality, innovative sports equipment and which also possesses the needed flexibility and capacity to deliver products with a high level of personalization. Decan has developed a new demountable stand which can be used as both temporal as well as a permanent seating solution. The dimensions, shape and colour of the structure and seats are adapted to the client's needs and can be prepared for use in both outdoor as well as indoor environments."

Hall: 7 Stand: E28 F29

SUMALIM is a playground manufacturer company with over 25 years of dedication to the design, manufacture and installation of playground equipment in the north of Spain, Navarra. We produce a variety of playground equipment lines, including play structures and individual elements for the different levels of play and for kids. It is fully developed by our own designers, taking into account every aspect of the game (security, creativity and motor skills development). While we use only EU best Materials, all the elements are TÜV certified. We also manufacture outdoor workouts and urban furniture. We are always developing new products and expanding our lines.
